The Sierra College and Folsom High Softball programs have teamed together to provide coaches with the fundamental knowledge they will need to coach the game of softball. Over the past 5 years, ASA, High School and College coaches in the Sacramento area have witnessed the fundamental skills and knowledge of the game disappear from our athletes. This clinic is put together to give coaches the fundamental expertise and knowledge to utilize on the field and pass on to players.

Please come join us on Saturday, February, 25th 2012.
