BETTER TOGETHER

For over 30 years, Boys & Girls Clubs of America and the U.S. Armed Services have partnered to provide support and services to military-connected youth on- and off-installation. Because military-connected youth face unique challenges, Boys & Girls Clubs of America helps them access specialized opportunities, cultivate lifelong friendships, and develop the necessary resilience to build great futures.

Boys & Girls Clubs of America-affiliated Youth Centers serve more than 285,000 youth on U.S. military installations across the globe. And because military-connected youth don't just reside on-base, our Clubs serve an additional 23,000 military-connected youth in local communities nationwide, ensuring that no matter what community they move to, there will be a Club nearby.
