

Field Reservations - Usage Rules & Regulations

Purpose This document outlines the procedures through which an individual, organization, or group can reserve fields owned or permitted by the City of Concord Parks & Recreation Department. The intent of the processes outlined is to maximize the use of city fields in a manner that creates an equitable, efficient and fair approach to field allocations that ensures equal access while consistent with the Concord Parks & Recreation Department mission, while balancing field usage to foster ideal turf conditions.

Overview The information contained in this document establishes the policies and procedures that govern the use and allocation of athletic fields in the City of Concord.

Field Reservations Reservation request should be submitted by using the Athletic Field Reservation Request form <https://concordnc.seamlessdocs.com/f/FacilityRental>

To be considered a completed rental request, the organization must have submitted the additional forms listed below:

- Certificate of Liability Insurance
- Projected schedule of field usage (including specific dates & times)
- 501c3 paperwork (required if applying as one)

*Long term use (multiple months) reservation requests must adhere to the following schedule:

Fall Rentals: August 1 – November 30

Applications Accepted: June 1 – 20 (Initial Consideration)

*Any applications received after June 20 will be based on availability
Applications will be reviewed in July

Spring Rentals: March 1 – June 30

Applications Accepted: January 1 – 20 (Initial Consideration)

*Any applications received after January 20 will be based on availability

**Various fields may be closed July 1 thru August 1 / December 1 thru February 28 for maintenance, field rest or rehabilitation.*

All other reservation requests must be submitted at least 7 days in advance. Requests will be considered on a first come, first serve basis and based on availability of fields and cannot be held. Concord Parks & Recreation Department reserves the right to deny any rental application where the proposed use is deemed to conflict with planned programs or adjacent or existing rentals or if it is determined that such use conflicts with any City policies, State, or Federal regulations.

Field Reservation Allocation The following list identifies the order in which priority is given for athletic facility reservation requests:

- City of Concord P&R athletic leagues & sponsored programs
- Designated priority usage partnerships (Odell Recreation, Northwest Athletic Association, Cabarrus County Public Schools)
- City of Concord Residents
- Outside organizations to City of Concord

While this allocation dictates that City of Concord Parks & Recreation residents will receive priority bookings of City facilities; it does not mean that all requested bookings will be approved. Our goal is to ensure an equitable distribution of facility bookings such that no one organization is monopolizing field usage.

Responsibility The individual or representative of the organization listed on the reservation is responsible for the actions of all participants, coaches, spectators, and volunteers before, during, and after the scheduled activity while on City property. This person or representative agrees to share and review all rules and regulations with coaches, participants, and parents. At no time is the reserving party allowed to sublease or transfer its reservation to another group or organization.

Organized Activities Groups with more than 15 people or gatherings that includes official game personnel (such as a coach, athletic director, official, or scorekeeper), will be classified as an organized activity, and will require a reservation. Reservations for organized games, leagues, camps, clinics, or tournaments must be made at least seven days in advance. Engaging in organized activities on athletic fields without a reservation is prohibited.

Usage of Facilities Athletic fields are to be used for their intended purpose and specific sport design. Any use outside of the intended use must be approved by the Parks & Recreation Director. The Concord Parks & Recreation Department reserves the right to refuse or cancel a reservation permit if the use is not for the intended purpose of the field, or if the use is different than what the reservation was made for.
