

## **T-Ball League Rules**

### **Game Rules**

- All games will take place at the Broadview Heights soccer fields off of Lazzaro Blvd. No game score or league standings will be kept.
- All team players will bat and play the field each inning.
- Teams should go through the order 3 times or max of 50 minutes
- Team up to bat will bat through their entire line up. **Recommendation:** Use the same batting order (1,2,3...) the entire season, but start with a different number each game so everyone gets to "go first". The kids will remember who they follow in the batting order, which keeps the game moving.
- Take the field after the last person in the batting order has batted. Let the last batter and the runners on base run all the way around the bases after the last at bat.
- All players will hit off the tee all season
- Runners and batters advance one base at a time regardless of where the ball is hit. NO sliding!
- Every player should have the opportunity to play all defensive positions.
- Be sure to teach players not to throw the bat. Some kids may need reminders during the season.

### **Game Coaches**

- 2-3 coaches are permitted in the field to assist with positioning.
- The pitcher and catcher (coaches) should be from the team up to bat.
- A 1st base and 3rd base coach should also be used when batting. It's OK to have a 2<sup>nd</sup> base coach if you have someone.
- **Most Important! Bench Coach.** A bench coach keeps the kids in the correct batting order and maintains control on the bench. A must!

### **Game Notes**

- The focus of tee ball is to introduce the game of baseball by teaching the basic fundamentals of the sport. Batting, fielding, throwing, running the bases should be introduced.
- **Keep the games moving,** have your positions and batting order predetermined and keep kids hustling on and off the field.
- Don't be afraid to instruct during the game. These kids learn something new on almost every play.
- Encouragement and positive reinforcement is crucial at this age. **Recommendation:** Discuss this with parents and ask them to cheer, but not yell instructions during the game. This only confuses the players when more than one person is yelling (sometimes different) instructions at them when they are playing.
